## 6 Honeymoon Suites in Virginia That'll Fit Your Wedding Aesthetic

*From treehouses to lavish suites, these are the perfect spots to stay at on your wedding night.*  
By Meredith Lindemon

The honeymoon suite is the often forgotten space between the reception and the vacation part of the nuptial process. But when there are so many breathtaking options for the biggest night of your life, why not make booking the right one a priority and start the vacation early?

There are many great options in Virginia, but these, after careful consideration, are the ones we think are the most beautiful. Depending on your tastes — if you like modern and sleek or historic and very grand — we've narrowed the range for the most beautiful accommodations.

By the time the wedding is over, many couples need a chance to recharge and chill out. If you need some space and a whole lot of luxury, we would book the Presidential Suite at Keswick Hall. This would be our first choice for the bride and groom who managed to get through an epic wedding and a full-time, year-long planning process. There are golf course views, a full bar, 840 square feet of living space, one-and-a-half baths, and a separate soaking tub. You might just want to book it for the entire weekend — or the entire week. *701 Club Dr., Keswick*
